INCOME TAX DELINQUENTS

It is agreeably surprising to learn that there has been less income tax delinquency than might have been expected. Presumably the rounding up of delinquents has been pretty complete, for there has been an average force of 2,261 deputy collectors on the job. These have uncovered the trail of 295.977 delinquents for the years 1918 and prior to thattime, saving the Treasury $19,000,000 that otherwise would have been lost, at acost said to be not less than ten per cent of that sum. Although five million individual income tax reports were filed in 1918, and thetotal paid to the Government amounted to a billion and a half dollars, only 131,000 individuals were found to have failed to file returns and the majority of these are said to have been aliens held up on their exit from the country without certificates of the payment of their incometax accounts.

Among those filing returns only about forty thousand persons were found to have underrated their incomes, and it is altogether reasonable to suppose that in numerous of these cases the erroneous howing was inadvertent rather than deliberate owing to the difficulties confronting the average intelligense in the perplexities of the income tax blanks. The fact that more delinquency was discovered in the lower grade of incomes than in the higher is readily explained on the ground that these are far more numerous as well as more definitely on record. The showing as awhole seems to indicate that there ismuch less dodging of Federal than of State and county taxes.

A COOLIDGE SENTIMENT

Governor Calvin Coolidge, of Massachusetts, Republican candidate for Vice President, in issuing his proclamation for the observance of Flag Day, said that it "is time to realize that all those who disregard the aw or resist the authority of the government are disloyal to the flag. While the flag of America has become the oldest in design it remains the newest in symbol. In certain fundamental principles it represents thereom be no advance for there is no beyond. It is a flag of a people who have arrived. It stands for order and liberty, for freedom of the human mind, free speech, free press, free church, it means that property and life and honor shall be inviolate and it recognizes the duty of the people to protect each other in the security of these rights and that all experience and all reason demonstrate that the sole source of such protection is in government according to law. Unless it be the symbol of the law administered by a government which has the disposition and the strength to be supreme all the meaning and the glory of the flag fade away and all reverence for it perishes. It is time to realize that all those who disregard the law or resist the authority of government are disloyal to the flog. Whatever their motive or their station they seek the destruction of all the flag represents."

SLEEPLESS PROPAGANDA

Under the terms of the treaty of peace Germany is not allowed the maintenance or manufacture of aircraft for a period of six months following ratification and yet, though this time limit has not half expired, there is announcement of successful trial flights at Lake Constance of a super-Zeppelin recently completed in the government factory at Friedrichshaven. The description of this latest triumph calls to mind the monster Zeppelin that was built to bomb our Atlantic coast cities, with its 700 feet of length, six great engines and five tons of high explosives. According to recent disclosures of the plans of the German General Staff, the voyage of this fighting monster of the air was made "on paper" 367 times, and two weeks more of war would have witnessed the actual attempt following such vast preparation.

The new super-Zeppelin is less interesting as one more repudiation of treaty obligations thanas evidence of Germany's ability to accomplish great and costly undertakings. German propaganda has convinced half the world that poor Germany is starving and ought not to be taxed by her victors, yet Germany finds money to do what it wants to do. The system of world-wide propaganda was greater achievement than the Kaiser's war machine, and it survives practically intact. It works sleeplessly not only to b eneat Germany outtoinjure the countries of the late anti-German alliance, reaching its long and disturbing arm into all o fthe.

LEAGUE NOT WANTED

Everybody in Czecho-Slovakia appears to be thoroughly disgusted the workings of the league of nations as applied to that infant republic. At a recent mass meeting attended by members of all the political parties a resolution was adopted demanding the removal of the plebiscite commission appointed by the league. The commission is blamed in the resolution for responsibility for such bloodshed and disorder, marked partiality toward the Poles, and a complete failure to understand local conditions. The resolution pointedly declares that the Czechs are quite able to defend their own rights in the plebiscite zone without outside interference.

The Springfield (Mass.) Republican may be right in its opinion that Mr. McAdoo's candidacy for the Democratic nomination is 'gaining strength' but, as we are hearing little of the process, it is evidently a quiet one.

Edward C. Simmons, who died recently in St. Louis at the age of 81, began his business career on a salary of $3 a week and lived to build up the greatest hardware business in the world. A reminder to the youth of this more hectic age that it may still be possible to become a great merchant prince by hard work and thrifty habits.

The organized textile workers of New England have approved in convention a demand for 50 per cent increase in wages and shorter hours. At the same time we hear of three New England cotton manufacaurers who have made an extraordinary distribution of 100 per cent in stock and of a fourth concern which increased its normal earnings by 34 per cent last year. Taken altogether, this is likely to suggest piracy to a consuming public ground between the upper and nether millstone.

By a vote of 62 to 12 the Senate refused to grant the President autority to accept amandate over Armenia. Twenty-three Democrats, including Senator Underwood, their leader, jointed with the Republicans in the denial. Yet Mr. Wilson famously believes that he can force his party to endorse the league of nations in its campaign platform, which would involve a practical obligation to take the Armenian mandate as contemplated in the league covenant.

UP TO MEXICO.

Obregon says he would like to make the border between his country and the United States like the border between the United States and Canada. Well, the same kind of people live north of the Mexican border that live south of the Canadian border. Now if he can produce the same kind of people south of the Mexican border that live north of the Canadian border the puzzle will have been solved.

FEW OR NO OINTMENTS RIVAL SIMCO SALVE

It's just as natural for SIM-CO Salve to kill the germ and heal the skin as for a ship to ride the water. It is a powerful antiseptic, yet soothing and cooling ointment; that's why it leaves the skin in a healthy condition. F. J. John is authorized by The Simpson Drug Co., to guarantee successfull and entirely satisfactory results to every purchaser or money back. Can there be a fairer offer?

SIM-CO SALVE is so antiseptic and so healing that it is amighty good remedy for sores, cuts, burns, bruises, and itching piles; it is also a pliable modern liniment and ie used with speedy results for all linment needs.

By comparison is the surest way to decide. You have used the old fashioned salves and liniments: now try SIM-CO SALVE and see for yourself how much quicker relief comes.

It surely touches the spot.

F. J. John sells it at a trifling sum and if used in time, at first sign of distress, the intensity of the disease will be reduced to a harmles mildness. Sold in three sizes, 30c, 60c and 1.00 per jar. If your druggist does not keep it, send us 35c and the parcel post will bring it to your door by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station, Pittsburg, Pa.

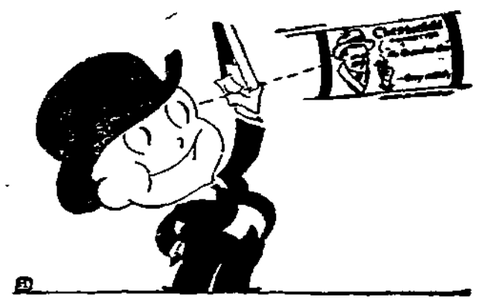
"and he swapped his grouch for a smile"

GOSH BUT that trolley.
WAS ALMOST as packed.
AS IF they'd squeezed.
ALL THE candidates.
FOR PRESIDENT in.
WHENEVER THE car swayed.
I SAT on the lap.
OF A pudgy lady.
MY BRAND new derby.
WAS SUNK without a trace.
AND A garlic breath.
BLEW DOWN my neck.
AND MY foot went to sleep.
AND THE rest of me.
ENVIED MY foot.
AND I was sore.
YES, GOOD and sore.
AND THEN a chap.
WHO CAUGHT my eye.
CHEERED ME up.
WITH A jolly grin.
AND SAID to me.
"NO GROUCHES Now."
AND HONEST, I felt better.
IT WAS an ad.
OF A cigarette.
BUT I'LL say this.
IF THE ad alone.
CAN CHASE a grouch.
THE CIGARETTES.
THEMSELVES MUST do.
WHAT THE car card said.
"THEY SATISFY."
I'LL SAY they do.



IT WILL tickle you to find out how good Turkish and Domestic tobaccos taste when blended in the exclusive Chesterfield way. They *do* satisfy. And you'll be pleased to find out also that Chesterfields *keep* firm and fresh in their special, moisture-proof package.

A DRAMA OF FIGHTING FISTS AND MIGHTY MEN

You know the power and punch that lies in the pen of Rex. Beach. You have read or seen as amotion picture "The Brand." "The Crimson Gardens." "The Spoilers" and "The Barrier." And you know that Rex Beach's name is synonomous with entertainment of the most dramatic and appealing kind.

That is why your attention is called to the showing at the Majestic treatre on Thursday and Friday, June 17 and 18, of the motion -picture version, Mr. Beach's powerful version of the Alaskan snow country, "The Silver Horde." The might of the North against the Cunning of Wall street. And the fight that followed resounded with the crash of mighty fists—pulsated with the unleased passions of strong men fighting for fortune and the love of a woman. Action? Thrills? Romance? Rex Beach wrote it.

It's a peach of a story—and a Beach of a story.

CRAGO BEATEN BY PHILADELPHIA VOTE

The defeat of Col. Thos. S. Crago for one of the four places on the Republican ballot for Congressman-at-Large was accomplished by the Philadelphia vote. Without the Philadelphia vote Crago had 210.263 votes against 185,265 for Walters and 184.027 for McLaughlin. Philadelphia gave McLaughlin 122,818, Walters 90,202, and Crago 61.025. These votes allowed Walters to win over Crogo by over 4 000 votes.

RETIREMENT ACT IS NOW IN EFFECT

Between 4,000 and 5,000 Feder employes eligible for retirement on pensions will be formally notified within a week of the automatic termination on August 20 of their active service with the government. The recently enacted retirement act provides that retirement must take place 90 days from its signature and that employes coming under the statute must be notified 60 days in advance. The retirement age is 70 for clerical workers and 65 for mechanics. The act will ultimately affect a number of government employes at Lock No. 4, both on the lock and at the government boat yards.

LITTLE ATTENTION GIVEN TO FLAG DAY

Comment was made yesterday that Charleroi citizens paid little if any attention to flag day. Questions were asked why the flag was not hoisted to the peak at the pole at Fifth and McKean, and it could have been asked with the same force why so many of our citizens, all of them patriotic, should allow the anniversary of the nation's banner to go by without some manifestation of appreciation.

CAR SHORTAGE SERIOUSLY AFFECTS COAL PRODUCTION

Prices For "Spot" Are Continually On The Advance

$8.50 A TON OFFERED MONDAY

Coal operators in the Pittsburg district on Monday described railroad car shipments as "desperate." On many of the important divisions in the Pittsburg district, it was declared, there were no cars atall, during the last four days of last week. A slight improvement was apparent on Monday, and the railroad managers told the operators they expected a more pronounced improvement beginning next week.

So desperate are consumers for fuel requirements that as high as $10 is being offered for gas coal and steam coal alike. One broker in Pittsburg is reported to have made an offer of coal at $8.75. shipments extending over a period of three months. This same grade of coal was selling last year, it is said at $26 a ton, less than cost.

Operators reported many big industrial plants closing down because of the lack of coal. These same industries had been suspended two months because of the desperate fuel situation, due to the railroad strike, but were able to resume operations two or three weeks ago.

Quotations for "spot" coal along the Monongahela valley are continually on the increase. Last week $8.00 per ton was the high figure but on Monday the figures were advanced in many cases to $8.50, and no great amount of production available even at those prices. This entire situation is dominated by the car supply, operators not being sure even in the morning whether they are going to have cars for the day or not. Every small mine that can operate is working, its activity depending entirely on the placement of cars. Such a situation in the fuel business was never before known in the Pittsburg district.

WILL MAKE EXTENSIVE VISITS TO EUROPE

Louis Goazion will leave on Friday for Montreal. Can., where he will attend a meeting of the Federation of Human Rights. At Ottawa he will meet a number of other delegates from San Francisco, and will go with them to the convention. He will return in time to New York to sail on the Mauretania on the first of July, on the way to Paris, to attend an international meeting of the Federation. Before attending the convention he will visit in London, and from there go direct to Switzerland, and thense to Italy. He will return in time to attend the convention at Paris on the 9th of August and at its conclusion will visit his old home in Brittany, where his brother lives. The trip will likely take the entire summer.

ORDINANCE PASSED ON FIRST READING

At a special meeting of the borough council of Monessen, held last Thursday evening, an ordinance granting additional privileges to the West Side Street—Railway company, was presented and passed first reading. Quite a discussion preceded action on the part of council, but it was finally agreed to pass the measure on first reading. A copy of the measure will be presented to the street railways company, for acceptance, while another copy will be given to the borough solicitor for an opinion. It is anticipated that additional privileges will be given the company and street car service improved in the big steel borough.

COKEBURG MAN IS ARRESTED FOR ARSON

Investigation by State policemen of Purgettstown, of a fire which occurred at Cokeburg on May 30, in which three buildings were destroyed, has resulted in the arrest of Mike Silver, age 30, on a charge of arson, it being alleged that Silver started the flames maliciously.

Buildings burned that day were the Owl club, the store of Jacob Hirsch and a residence. The total loss sustained is said to have been about $6,000. Silver at the time was a clerk in the Hirsch store. Upon request the Purgettstown troopers went to Cokeburg and made an investigation, which resulted in the arrest of Silver, a hearing before a justice of the peace and his commitment to jail for a hearing to be held Friday evening.

"JAKEY" CASES ON TRIAL IN UNIONTOWN

Trial of the Jamaica ginger cases are holding the attention of the Fayette county courts this week, criminal sessions having opened Monday morning. There are fourteen such cases listed, their trial having been directed by Judge E. H. Reppert last week in overruling a motion to suppress the prosecution on the grounds that the country court was without jurisdiction.

The Jamaica ginger cases are brought under the Brooks law regulating the sale of liquor. Counsel for the defendants argued in support of their motion that a prosecution brought under that act was invalid, claiming that the Brooks law conflicted with the Federal prohibtiion amendment which prohibits thesale of liquor. Judge Reppert held that the Brooks law was not inconsistent with the federal amendment.

Star Laundry Was Closed By Local Board of Health

The Star laundry at 406 Fourth street, and owned and operated by a Chinaman, Wing Wah, was closed by Health Officer Darby, Monday evening, at the direction of the local Board of Health. The laundry is located in the building owned by the C J. McCormick estate of Uniontown of which Geo. W. Risbeck is the local agent.

Some time ago Mr. Risbeck had notified the occupant that he would have to move out while necessary repairs were being made, but apparently the lessee made no effort to do as requested. Recently the Board of Health became suspicious of the place, and on Monday Mr. Darby was directed to make an investigation. This he did last evening, with the result that the place was closed. The proprietor was not in his place of business, having moved out, it is believed, several days ago. but not removing any of the contents. Quite a lot of laundry is in the place, ready for delivery to customers, and this will be taken charge of by Officer Darby and delivered to the owners upon proper identification.

The interior of the laundry was found to be in a filthy condition. Dirt was on every hand, and evidently the occupant made little if any effort to remove garbage. His sleeping quarters were dark and forbidding, as well as other rooms in the laundry and it is likely that much of the equipment will be taken to the garbage furnace and burned.

It is the intention of the owners of the property to make extensive improvements to the building, and the "flit" of the Chinaman only simplifies the situation, as it will allow them to take out all the interior fittings of the laundry and put it in first class condition.

BIG COAL DEAL ON TEN MILE CREEK

By a deal consumated last Friday, H. A. Davis of Uniontown, purchased the W. Y. Humphries tract of coal in Greene county, consisting of 532 acres for 1.000 an acre. The tract adjoins the holdings of the Mathers Colliery company. the Union Coal & Coke company and the property recently acquired by W. J. Ramey. It is about a mile and a half from the present extension of the Monongahela Division of the Pennsylvania railroad up Ten Mile creek. This property is considered very desirable. The coal is low in sulphur and is rated an A1 by-product. When operations now contemplared are ready it will be capable of producing from 1500 to 2000 tons of coal daily.

ALLENPORT DISTRICT STEAMBOAT GRAVEYARD

The stretch of river in the vicinity of Alenport has been the scene of more than one steamboat accident. The wreck of the steamer Vesta Sunday afternoon recalled to many the fact that a similar accident occurred to the Henry A. Laughlin of the same line, while several years before the steamer Robera McKinley, owned by the McKinley Coal company of Pittsburgh, was destroyed by fire at the same place.

The school board of Allen township will receive applications for primary teacher of Vesta school. Salary based on kind of diploma, certificate and experience.

"Huckleberry Finn" is a character made immortal y Mark Twain, and the filmed story will be given in al its popuar features in the presentation which begins on Thursday. Further detaiis of the treat for the newsies and scouts wil be given in tomorrow's paper.

WAS SON OF PIONEER STEAMBOAT OWNER

Captain Lincoln Hodgson, aged 58, who was drowned Sunday with his son Alfred, when the "Vesta," of which Capt. Hodgson was in charge, capsized at Allenport, was the son of the late Capt. Willis Hodgson, and a lifelong resident of Webster, just below Monessen. The father was one of the first coal operators and steamboat owners in the valley. The younger Hodgson was one of the first river captains in the employ of the Vesta Coal Company.

REPUBLICAN COUNTY COMMITTEE IS ORGANIZED FOR CAMPAIGN

PACKET IS READY FOR MAIDEN TRIP

The steamer City of Charleston. formerly the I. C. Woodward, arrived at the Pittsburg wharf last Saturday evening, and will make her maiden trip up the Monongahela on Tuesday leaving the Pittsburg wharf at 9 o'clock. a. m. The steamer has been considerably changed since it navigated the Monongahela several years ago, having a "texas" similar in construction to the old Columbia. The pilot house of the boat is on the roof of the "texas," and if the steamer strays in the local trade, this will likely be lowered. The boat is a side-wheeler, and will be the only one in service on the three rivers

ALL IN READINESS FOR CONVENTION

The cabinet of the Charleroi Sunday School District wants to again call attention to the convention which will convene in our city on the 17th and 18th of June, which will be Thursday and Friday of this week.

Everything possible has been done to make this a splendid meeting. Its real uccess will depend on how our home people receive delegates and visitors and enter into the convention spirit. Charlero is noted as being a good conventon town. We want to make this an especially helpful gathering of Sabbath school workers and demonstrate that the work is becoming easier and that it will soon hold the place in the community that it ought to.

Entertainment will be provided for all those who wish to stay over. The churches have willingly consented to serve meals. The street banner announces the convention to the busy street goer. We trust our townspeople will arrange their work so they can attend and make the visitors feel we wanted the convention. We will not likely be called upon for several years to again entertain, so let's do ourselves proud this time. These good things are necessarily taken from community to community to enthuse and make easier the Sabbath School work. This is every person's meeting who is interested in the work and not the officers alone, and hence the invitation is open and generous to all.

He assumed his new duties Monday morning. In addition he is engaged as a member of a Washington church choir for Sunday assignments and it is probable the family will move to the county seat some time during the ummer.

C. E. Carothers Chosen Chairman Over J. Boyd Crumrine

MEETING LARGELY ATTENDED

The Republican county committee was organized on Monday at Washington for the presidential campaign and aggressive action is promised by the new chairman.

There were 135 delegates either present or had their proxies there and the election resulted in the election of C. E. Carothers by a vote of 107 as against 28 cast for J. Boyd Crumrine.

David M. McCloskey, Esq., of Charleroi, was temporary chairman of the meeting, and made a short speech on taking thechair, in which he predicted that Washington county would roll up one of its old-time Republican majorities for Harding and Coolidge. Mr. McCloskey's vote for temporary chairman was 131, defeating Isaac Baum who received 4 votes.

After the selection of a reading clerk and two tally clerks, J. Boyd Crumrine was nominated for Chairman by W. S. Lockhart of McDonald, while J. Quay Billingsley of East Pike Run, placed the name of C. E. Carothers before the meeting. The election was by roll call. and the final count showed that Carothers had polled 107 votes and Crumrine 28.

Mr. Carothers, on taking the chair made a short address in which he accepted the honor conferred. He told of the first meeting held by the Republican county committee in the new court house in 1900 when he was also elected chairman. During the presidential campaign eight years ago Mr. Carothers was elected county chairman and has been an active party worker since 1882.

John L. Stewart of Washington who attended the Republican national convention at Chicago. made a short address in which he told of what he had seen there. The nomination of Harding and Coolidge was a compromise after it was seen that neither Wood or Lowden could be nominated.

The national ticket was endorsed by the committee and a series of resolutions adopted. which advocate the paramount principles of the Republican party.

Mr. Carothers will announce his secretary and executive committee within a few days and plans for the coming campaign will be gotten under way.

A. A. Hartman, J. T. McHugh and J. A. Shields have left for San Francisco, for an extended trip on the Pacific coast.
